

ASP Thanks the Sponsors for Plasticulture '06

November 2 - 5, 2005, San Antonio, Texas

The financial contributions of our Sponsors support the overall costs of the Congress and help ASP deliver a quality program. The Board of Directors gratefully acknowledges the commitment the sponsors of the 33rd National Agricultural Plastics Congress have made to strengthening ASP and expanding knowledge about plasticulture. The following companies are Sponsors as of October 26, 2006.

Gold Sponsors

AMPACET CORPORATION

Jon Conroy, Intl. Technical Specialist Plasticulture
529 St. Charles Avenue
Atlanta, Georgia 30308
Phone: 404-745-4953 ♦ Fax: 404-745-4195
Email: jconroy@ampacet.com
Website: www.ampacet.com

Ampacet has been serving the plastics industry for over 60 years as a major global supplier of color and additive concentrates for the polymer industry, specializing in products for polyolefin film, including agricultural applications, blow molding, injection molding and pipe. Ampacet has thirteen manufacturing facilities strategically located around the world, and is ISO Certified.

CIBA SPECIALTY CHEMICALS CORP., USA

Rodrigo Lima
Marketing Manager Americas -
Industry Segment Agriculture Plastic Additives Division
540 White Plains Road
Tarrytown, New York 10591
Phone: 914-785-4068 ♦ Fax: 914-785-4261
Email: rodrigo.lima@cibasc.com
Website: www.cibasc.com/agriculture

Ciba Specialty Chemicals is the leader in developing and marketing high performance stabilizers designed to provide better protection for agricultural film applications such as greenhouse, small tunnel, mulch and silage films. Ciba's latest technology is Ciba® SMARTLIGHT™ RL 1000, a photoselective additive that shifts light from the UV part of the spectrum to visible light used by plants for photosynthesis and can help enhance growth of flowers like roses. Ciba also offers a wide range of effects additives for agricultural plastics, including anti-fog, anti-fungi and anti-algae agents as well as additives for degradable plastics.
